

PRESIDENTS AWARD

The Presidents Award was first awarded in 1997 and is designed to honor those members of the Association who have made significant contributions to the Association or the Executive Board. Nominations come from the Executive Board members themselves, although suggestions from association members will be considered. The Executive Board members determine the number of awards to be given each year.

Criteria for the Award are as follows:

1. The recipient must be a current Association member.
2. The recipient must have given significant service to the Association or the executive Board.
