

## **SERVICE AWARDS**

There are two awards in this category. One, the Distinguished Service Award which is given to members based on their continuous or non-continuous membership for a period of ten (10) years and non-continuous membership for 25 years. The other is the Honorary Membership Award based on dedicated service and CONTINUOUS membership for 25 years or more. Currently, membership is based on paid membership years and time served, i.e. paying 1990 dues by April of 1990 would not be credited as a year of service until the end of 1990. Exceptions may be made for those individuals that have anniversary membership dates that are reached after January but before April conferences.
